

PRANA-SETO₂

BRIDGE TO LIFE

NATIONAL WORKSHOP ON RESPIRATORY DISORDERS IN PEDIATRICS

Prana-setO₂ is a bridge between life and death.

SetO₂ is the bridge and prana is life.

As you can see here O₂ symbolizes oxygen and oxygen is the most important link between us being alive or dead.

This workshop will be hands - on training on how you support respiration at the bedside.

**First-time ever workshop with special teaching gadgets,
demonstrations and case studies by experts**

Sunday, 1st October 2023

Paper - Poster Presentation – On 30th September 2023 – 2pm to 5 pm

Venue – At Tilak Ayurved Mahavidyalaya

583/2, Rasta Peth, Pune, Maharashtra, India - 411011

Organized by

DEPARTMENT OF BALROGA

R.S.M.'s C.P.G.S. & R.A of Tilak Ayurved Mahavidyalaya, Pune

Dear Delegates,

We are glad to inform you that this is the first-ever workshop which is supported by teaching gadgets, demonstrations, case studies, and expert lectures on respiratory disorders in pediatrics. The interesting thing is we have no store for oxygen in the body, oxygen will only last for 3 min. If one lands in hypoxia then we have to support this system as early as possible otherwise patient will die and even if sometimes patient survive still there will be a lot of damage to major organs like the brain due to a lack of oxygen supply which will badly impact on patient's quality of life. So this workshop will teach you how to support this important system at the bedside. We request you to participate in it with us and grab the benefit.

Thank You...!!
