**VENTURE CENTER** is a *technology business incubator* specializing in technology startups offering products and services exploiting scientific expertise in the areas of materials, chemicals and biological sciences & engineering. Venture Center (trademark) is registered as "Entrepreneurship Development Center" under the *Companies Act, 1956 as a Section 25 (not for profit) company*.

**Core Purpose:** To nucleate and nurture technology and knowledge-based enterprises for India by leveraging the scientific and engineering competencies of the institutions in the "Pune region" in **India**.

**Envisioned Future:** To be the organization that will be credited with creating, shaping and sustaining a "Pune cluster" of innovative technology businesses with a significant economic impact regionally, nationally and globally within the next 20 years.

**Focus areas by know-how:**

- o Material science
- o Chemical synthesis
- o Biomedical sciences and technology
- o Chemical & process engineering
- o Research, technology & knowledge management

**Focus areas by markets/ sectors served:**

- o Health care
- o Specialty chemicals & nano-materials
- o Energy & environment
- o Specialty packaging
- o Process design & simulation
- o Research

**Potential products & services of resident companies:**

**Manufacturing**

- o Niche chemicals and nano-materials
- o Biomedical products and devices
- o Specialty materials science products for various sectors such as packaging, infrastructure, automobiles, lifestyle products.
- o Select biotech products
- o Niche scientific instruments and tools

**Software and Services**

- o Process design and simulation
- o Research and technology management consulting
- o IP management services
- o Information research/ resources and scientific intelligence services

**Core activities are:**

- o Nucleation of new business by creating the environment and opportunities for know-how providers, entrepreneurs and financiers to meet each other and form business teams
- o Nurturing businesses through their start-up phase by creating and running an efficient business incubator offering not only space but also access to technology support, business mentoring, networks, scientific and information resources, and a generally conducive and supportive environment.
- o Promoting and running an active program for identification, creation, acceleration and translation (into practice) technology ideas suitable for new venture creation.
- o Run an active program in building and sharing resources, networks, competencies and special expertise in select areas at the interfaces of technology and innovation, business and entrepreneurship, and government and policy.

**Core commercialization programs:**

**Lab2Mktprogram**

Flagship program of Venture Center that helps technology providers close the gap between a concept and raising finances for a spin-out company. The Lab2Mkt program is supported via the Proof of Concept fund. Through the PoC fund, Venture Center will define, fund and drive PoC projects in partnership with scientists from R&D institutions and (potential) entrepreneurs who seek to join/launch technology spinoffs.

**Mining and pre-incubation programs**

Pre-incorporation interventions by Venture Center for technology and entrepreneurs in the making. Mining for technologies (TechRx); pre-incubation program (Ignition Program)

**Social entrepreneurship program**

Supporting entrepreneurship and innovation with significant potential social impact via the INCLUDE program.

**BioIncubation program**

The BioIncubator at Venture Center is supported by DBT-BIRAC and nurtures bio-enterprises via services, facilities, resources, networks and events.
